

About Us

At INcompass Healthcare, our inpatient psychiatric services offer 24/7 support in a safe, structured environment—an ideal setting for healing. Our smaller unit allows for more personalized, one-on-one care, led by an experienced, trauma-informed team focused on stabilization and recovery. We accept Indiana Medicaid, Medicare, most major commercial insurances and we offer income-based discounts for self-pay patients.

Who We Serve

We provide inpatient psychiatric care for adults (18+) experiencing an acute mental health crisis—such as suicidal thoughts, psychosis, or severe depression—who require 24/7 stabilization in a secure setting. We also serve individuals with co-occurring substance use disorders, such as alcohol or benzodiazepine use, who are medically stable or whose medical needs can be safely managed within our facility.

Patient Testimonial

"I'm excited now for my journey here. I know I will leave here a better person. I'm finally honestly accepting the help I've been seeking. I couldn't have done this alone."

**Assessments are completed
24/7 at our Crisis Care Center**

INCOMPASS HEALTHCARE

INPATIENT PSYCHIATRIC HOSPITAL

285 BIELBY RD,
LAWRENCEBURG, IN 47025

Our Unit

- 16-Bed locked inpatient hospital
- Smaller, more intimate setting
- Empathetic, knowledgeable staff
- Engaging daily therapeutic groups
- Safe, respectful environment
- Wraparound services

Length of Stay

The length of stay is based on each patient's individual needs. The majority of patients stay with us for a few days to about a week, and sometimes longer.

Discharge Planning

We engage patients early in their stay to identify focus areas for treatment and set clear expectations around length of stay. Throughout the process, we collaborate closely with patients and their loved ones to plan for a safe and successful discharge. Our wraparound services help ensure continued support and connection to care after leaving our psychiatric hospital.

Visiting Hours

Tuesday & Thursday: 5pm - 7pm

Visitors under 18 must have prior approval from the Treatment Team. To ensure a comfortable environment for all, we allow no more than two visitors at a time

Treatment

Our approach is holistic and personalized, with a strong focus on recovery. We treat emotional and behavioral health needs alongside co-occurring substance use issues. Care includes skill-building, medication management, and symptom stabilization, all supported by 24/7 nursing care, daily psychiatric oversight, and a dedicated multidisciplinary team. We partner with patients and their loved ones to develop individualized treatment plans that promote lasting wellness beyond the hospital stay.

Suggestions for Packing

- Comfortable clothing for 3 days (no belts, drawstrings, or ties)
- Slip-on or lace-free shoes
- A light sweater or jacket
- A written list of important phone numbers (family, friends, etc.)

Items We Provide

- Cordless phone
- Laundry facilities
- Medications
- Entertainment (Movies, Games, TV, Puzzles, and Crafts)

Prohibited Items

- Electronic devices
- Alcohol, tobacco products, vapes, and illicit substances
- Weapons, scissors, or any sharp objects
- Glass items (including mirrors)
- Mouthwash, dental floss, aerosol cans, and perfume/cologne

Please note: This is not a complete list. All personal belongings will be searched during the admission process. Any items not allowed on the unit will be securely stored and returned at discharge.

Safety

Our top priority is maintaining a safe and supportive environment for everyone on the unit. To ensure safety, we follow a structured daily schedule and enforce a list of prohibited items. Please note that smoking is not permitted anywhere on the unit, and patients do not have opportunities to go outside to smoke during their stay.
